SOFT SKILLS

- Problem Solving
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

ACHIEVEMENTS & HACKATHONS

- Reduced machine downtime by 8-10% (observational analysis) by assisting in preventive maintenance scheduling during industrial training.
- Designed and analyzed mechanical components using AutoCAD, meeting all load and safety constraints.
- Identified material wastage points during manufacturing study, contributing to process efficiency improvement recommendations

CAREER OBJECTIVE

Detail-oriented Non-CSE Engineering graduate with a strong foundation in core engineering principles, technical documentation, and process optimisation. Adept at supporting engineering operations, coordinating with cross-functional teams, and adhering to safety and quality standards.

EDUCATION

Bachelor of Engineering - Mechanical Engineering 2024 - 2028

Chandigarh University | Gharuan

SGPA: 8.5

Intermediate (CBSE)

2024

DAV Public School, Ludhiana

GPA: 8.5

Matriculation (CBSE)

2022

DAV Public School, Ludhiana

GPA: 9.0

TECHNICAL SKILLS

Core Engineering Concepts: Manufacturing Processes,

Thermodynamics, Strength of Materials, Electrical Machines

Software & Tools: AutoCAD | MS Excel | MS Word | PowerPoint | Basic

PLC (Exposure) | ERP Basics

Engineering Practices: Equipment Maintenance | Process Monitoring |

Quality Control | Safety Compliance | Technical Documentation

PROJECT

Design and Analysis of Hydraulic Press Machine APRIL 2026

- Designed components using AutoCAD
- Analyzed load, pressure, and material strength
- Improved operational efficiency by 12% (theoretical)
- Prepared detailed project documentation and presentation

INTERNSHIP

Graduate Engineering Intern

JUNE 2025 - JULY 2025

ABC Manufacturing Pvt. Ltd., Chandigarh

- Assisted in daily production and maintenance activities
- Supported equipment inspection and fault reporting
- Prepared basic technical and performance reports
- Coordinated with senior engineers for process improvement
